GRADE SCHOOL

Through these buildings has flowed a steady stream of pupils, sometimes eager, sometimes reluctant, but all with the realization that when they complete their education they will be better citizens and better neighbors.

It's the Principle of the Thing

L.B. OWEN
High School Principal

The noblest contribution which any man can make for the benefit of posterity is that of a good character; the richest bequest which any man can leave to the youth of his native land is that of a shining, spotless example; the greatest reservoir of pleasant memories is that left to the student body of a high school by the staff responsible for the yearbook.

To all who have helped to make this annual a success, the entire school owes a debt of gratitude for a book which will forever preserve these pleasant memories for those of us who love BUDA HI.

Luther B Owen

H.E. Bennett, born in Temple, Texas, in 1923, attended SWTSTC College in San Marcos, Kansas State Teachers College, and Parka Air College. He served in the Air Force for four years and achieved the rank of sergeant. With seven years of teaching experience, he has served three years as assistant county superintendent of Hays County and four years in Buda as principal of the elementary school.
