## 'Buda High Forever''

**Buda High Forever,  
Firm Together Stand;  
Comrades True And Faithful,  
Steadily We'll Face The World So Fearlessly  
And Through The Days To Follow,  
We'll Pledge Our Loyalty;  
For Maroon And White With All Our Might  
We'll Fight For Victory.**

# Happiness Is Being An American

Something happens in our hearts when our flag passes by. This is a happiness so subtle that it can only be defined by people who are free. This is our present obligation of citizenship; to prepare for tomorrow because that flag is ours to be preserved.

# Happiness Is Giving Of Yourself

A small child thinks only of himself, his wants, his needs, his pleasures. As we grow older and perhaps wiser, we become aware of the need to give of ourselves to others. This giving of ourselves is a basic part of our life at Buda. We know that giving is truly receiving — we find happiness in service.

# Happiness is Being Young

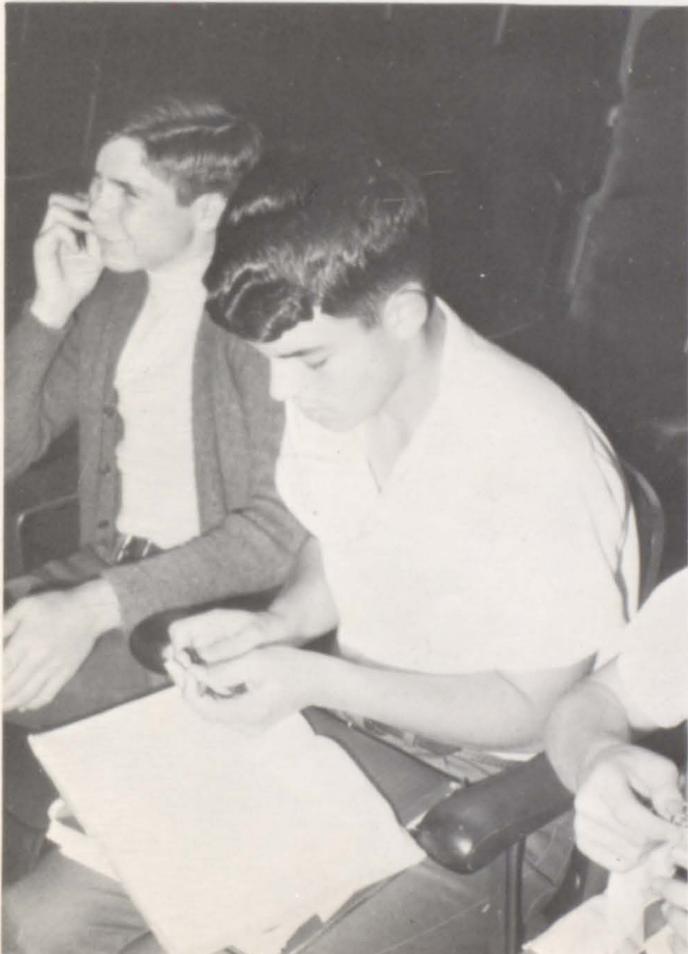

We have not quite stepped over the threshold of adulthood. Today, we still giggle and make faces at the whole world. Tomorrow we will face the stern realities of adult life. Today our concerns are smaller but nonetheless real. We have to study for exams, find a date for Saturday night and get a job for weekends. Slowly our horizon expands, our responsibilities grow and our youth is cast aside. This is a precious time, a time of laughter and daring. Sometimes it seems we must crowd the happiness of youth into a few more short years. But happiness is not something that must be spent all at once and neither is youth. We cannot reserve laughter for the years ahead, but we can stay young despite our age. These are the lessons we are now learning.

# Happiness Is Having Friends

Nowhere will you find more loyal friends. Because our school is small our friends are closer to us.

# Happiness Is Having Fun

All is not final exams or homework over the weekend. We find time to laugh as well. We find that if we like what we do, we'll soon be doing what we like. Our fun extends beyond these walls and yet exists because of them. We have parties, look at our dream cars, and experience this age of speed. A visitor to our school can hear laughter in our halls. This is as it should be.

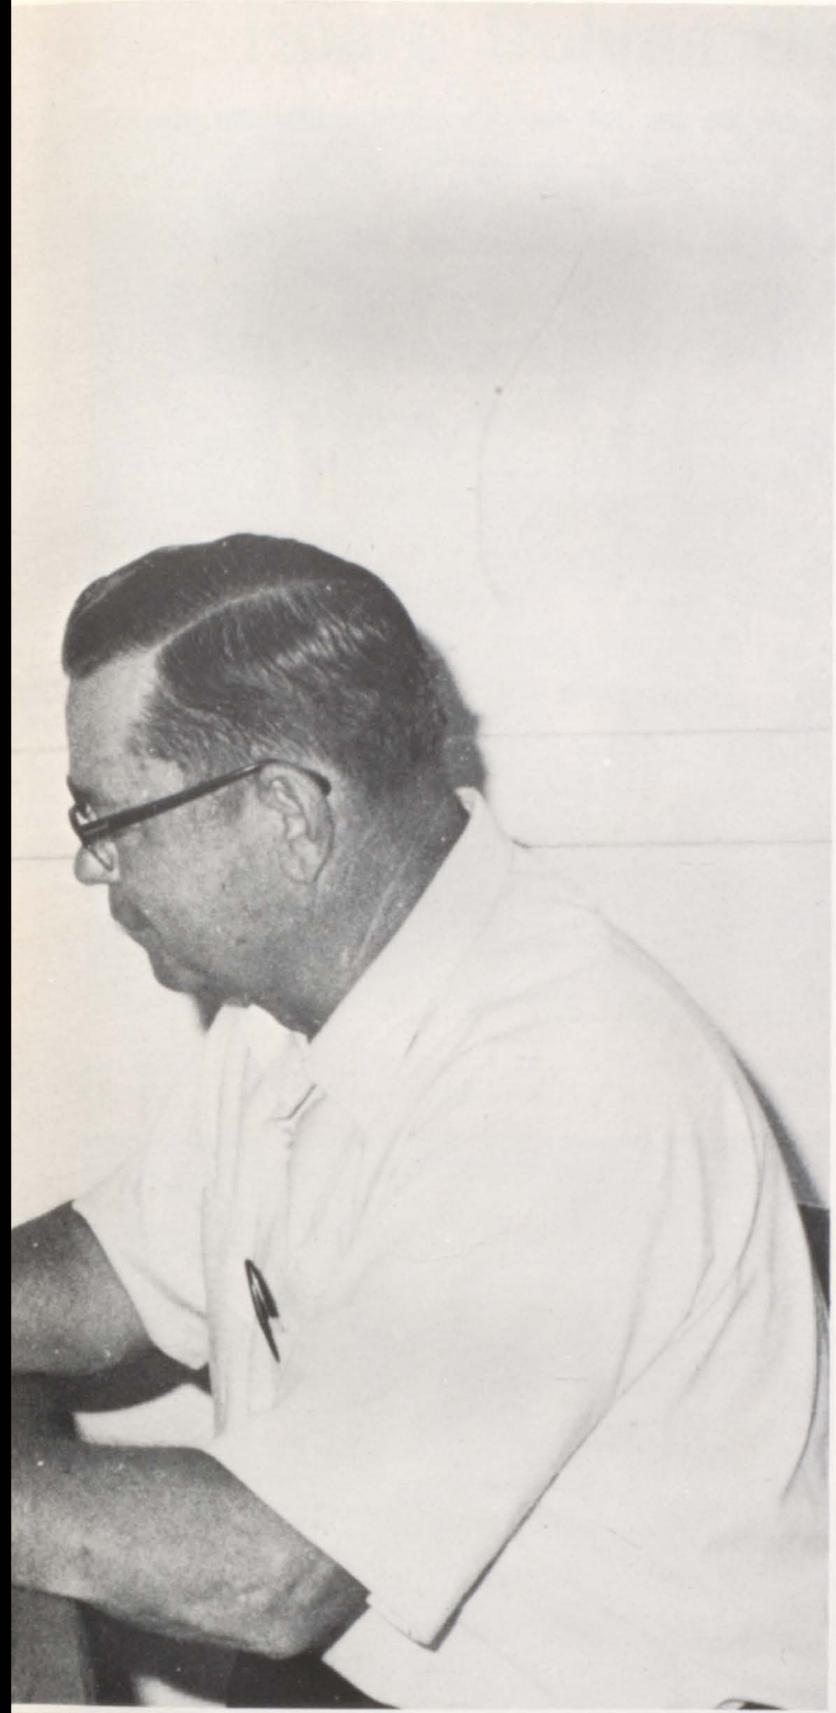

# Happiness Is Being Part Of Buda High

Happiness is the pride we feel when we make a touchdown. It is the satisfaction of having done all the homework and of having every problem correct. It is the happiness that comes from being a part of every victory, every award, every honor. Happiness is knowing that the rings we wear will someday mean more than anyone can realize unless they also earned the right to wear them. And when we will look back upon these years, our happiness will come from knowing much of the good within these walls. Ours is a small school — small enough to know you yet large enough to serve.

Production of the Yearbook is divided into financial, planning, pictorial, layout, and editing. The financial phase of the publication consists of advertising and subscriptions. Patrons help finance the book and enabled the staff to give a top-quality book at a reasonable price. Pictures are the basic ingredients of any Yearbook. Format Editors spend weeks planning and editing the contents, pictures, order, layout, and theme selection. It is a continuous process which takes many hours of work and causes many lost tempers.
