Hays Consolidated Independent School District

Proposed Annual Budget

For the Fiscal Year Ending June 30, 2025

BUDGET HIGHLIGHTS

Budgeting is the process of allocating resources to the prioritized needs of the District. Budgets play an important role in the planning, control and evaluation of the District's operations. The District's budget is the result of decisions made by the school board and the District's administrators in an effort to best allocate the District's resources with its needs. Although the budget is the result of a planning process, it also serves as an important tool for the control and evaluation of the District's resources.

The District's official budget is comprised of the General Fund, Child Nutrition Fund, and Debt Service Fund. The General Fund is used to record all transactions from ongoing operations and activities of the District. The principal source of revenue includes local property taxes, state funding allocations and interest on fund investments. Expenditures include all costs necessary for the daily operations of the schools. The Child Nutrition Fund is used to account for the District's Child Nutrition Program including federal reimbursement revenues from the USDA for the National Breakfast and Lunch Programs. The Debt Service Fund is used to account for the payment of interest and principal on all bonds of the District. The primary revenue source is local property taxes.

The District's total **2025 proposed budget is \$342,304,917** representing a \$3,964,934 (1.17%) increase over the **2024 original adopted budget** and a (\$1,774,864) (-.52%) decrease over the **2024 official (amended/revised) budget**.

Amounts available for appropriation in the **General Fund** (199), **Child Nutrition Fund** (240), and **Debt Service Fund** (599) are \$238,541,659; \$12,097,886 and \$91,665,372 respectively. The District has allocated \$6,290,715 of General fund equity to balance the General Fund budget. The largest components of the budget are payroll, bonded debt payments, and utilities (see following charts).

Hays CISD's budget has been prepared using the following estimates and assumptions:

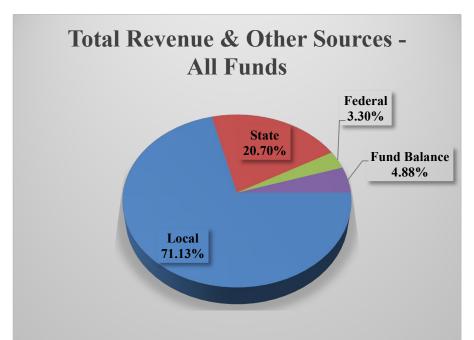

- Projected Student Enrollment: 24,619
- > 94% attendance rate
- > Refined Average Daily Attendance: 22,352
- Calculated a 11.45% increase over the State's 2023 calendar year value to estimate the State's 2024 calendar year value in the amount of \$19,504,649,742.
- > Certified Estimates from all three County Appraisal Districts equals a Net Taxable Value (BEFORE FREEZE) of \$19,726,450,834 an increase of 10.38% over the prior year certified value.
- > Estimated tax rate for M&O \$.6692. Texas Education Agency will provide actual calculation before August 1st.
- > Calculated a salary increase based on 1%-teachers/nurses/librarians/counselors ONLY
- Maintained "no-cost" employee health benefit plan contribution by increasing the District's contribution \$50/month to a total of \$445/month or \$5,340/year.

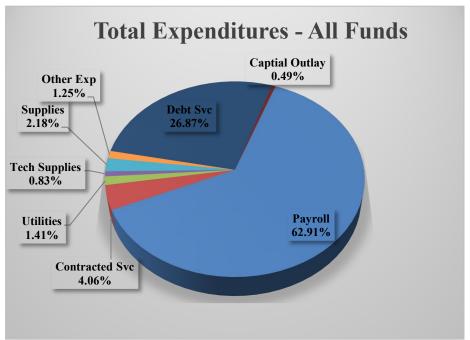

Please refer to the following schedules and graphs for more information relating to the District's 2024 budget.

^{(*) -} The 83rd Legislative Session, under HB 5, amended Section 29.081(b-1) of the Texas Education Code (TEC). The amendment requires school districts to separately budget sufficient state compensatory education funds and any other funding necessary to sufficiently support the cost of additional accelerated instruction for students who fail to perform satisfactorily on an EOC assessment instrument required for graduation. State compensatory education funds cannot be budgeted "for any other purpose until the district adopts a budget to support additional accelerated instruction". The Compensatory Education budget presented is part of the General Operating Budget and is shown separetely to comply with Section 29.081 of the Education Code as amended under HB 5 of the 83rd Legislative Session.
