Issues/Concerns/Ideas brought up

Revamp TLC to have 7 members which include the 3 chair plus an ops and a coor member

The vision is that Every employee have the opportunity to meet with the members of TLC and be heard by having a random pick of approximately 16 people per meeting to voice their questions/concerns/ideas. The coor member will not be in the first 30 minutes of the meeting so that people feel free to express their thoughts freely, but will join the TLC members after that time to discuss as a group.

Paulo-what about those who may be on route during the time of the meeting?

Response-We will do the random picking on the first of each month so that we have plenty of time to get that route covered.

We voted and unanimously agreed on this change.
