When your student completes their last credit, they provide us with an email address to send updates. Please ask your student to look at whatever email they provided. This is where update emails are sent.

Texas Success Initiative Assessment

What is the TSI Assessment?

The Texas Success Initiative (TSI) is a state-required assessment test to determine college-readiness in reading, writing, and math. All first-time college students must take the TSI test before enrolling in classes unless you are exempt or complete. **It is also used to determine if a student is ready to take dual enrollment courses at ACC while enrolled at Live Oak Academy. If you take this school year, you will be one step closer to dual enrollment for next year.**
